EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Groover on July 2, 2007, at 5 p.m.

The application has been amended as follows:

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art does not describe, "generating coordinates for a first modified vertex by adjusting the first truncated vertex according to characteristics of the original edge; and generating coordinates for a second modified vertex by adjusting the second truncated vertex according to characteristics of the original edge, wherein the first modified vertex and the second modified vertex defining a modified edge of the polygon for each original edge."

The closest piece of prior art, Sfarti (US 5,528,737) describes rasterizing polygons by truncating each vertex of the polygon to a preselected precision.

Another piece of prior art, Thrasher et al. (US 6,753,861) describes rendering a straight line segment on a display using a bounding box. The bounding box defines the area to be rendered, and the remainder of the display is left unchanged.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
